

ATTENTION FLORIDA CITRUS GROWERS: BioLiNE Gold will bring consistency to your Flower Bud Differentiation Program

**Balance flowering with leaf production with BioLiNE Gold to maintain
a more productive tree, season after season**

APPLICATION TIMING

At the start of flower bud differentiation apply BioLiNE Gold @ 1 pint/acre along with your foliar Urea or foliar Phosphite program according to established BMP.

LONG TERM SUCCESS

The long-term success of citrus growers is measured by bringing consistency to citrus production without sacrificing tree health. BioLiNE Gold will help you achieve that year after year.

Let's get started!
